

## Schedule Schooling 3 - 01.06.2026 - 12.06.2026 - via Zoom

	Monday	Tuesday	Wednesday	Thursday	Friday
	1.6.2026	2.6.2026	3.6.2026	4.6.2026	5.6.2026
14:30-16:00					Meeting SHARE-CTD for Final Conference in Berlin
16:00-17:00	Cathrine Axfors, MD PhD: "Reducing research waste: An early career researcher perspective"	David Moher, PhD: "The Science of (Manuscript) Peer Review"	Richmond Nketia, PhD Student UK: "Beyond the publicly available data: A philosophical case for IPD in understanding race- and ethnic differences in cancer treatment effects".	Rita Banzi, Dr.: "Clinical Data Sharing for Better Health Decisions"	Joseph S. Ross, MD, MHS: "FDA Regulatory Review: Implications for Evidence-Based Prescribing"
17:00-18:00	Cora Burgwinkel, PhD student SHARE-CTD: "Aligning Bias Assessment and Analysis: Evaluating the Joint Use of RoB 2 and ROB-ME"	Jifan Wang, PhD student SHARE-CTD: "Cross-design evidence synthesis of randomized and nonrandomized data in IPDMA: a scoping review of methods and recommendations"	& Georgiana Synesi, PhD: "Data Sharing for Diversity: Using shared trial data to advance inclusivity in oncology trials".	Minoo Matbouriahi, PhD student SHARE-CTD: "Individual Participant Data Meta-Analyses in Mental Health: A Systematic Methodological Review"	Mian Haider Ali: "Stability of a treatment decision model using longitudinal clinical trial data: What is the impact of a monotone missingness mechanism?" & Yazid Zalai: "Automated compliance checking tools for assessing reporting in clinical trials"; PhD students SHARE-CTD
	Monday	Tuesday	Wednesday	Thursday	Friday
	8.6.2026	9.6.2026	10.6.2026	11.6.2026	12.6.2026
16:00-17:00	Tim Errington, PhD: "From Bench to Meta-Research: A journey from preclinical research to open science"	Daniel Hamilton, PhD: "Meta-Research & Mega-Headaches: Lessons from a PhD on Data and Code Sharing in Medicine" (08:00-09:00 am)	Ulrich Sax, Prof. Dr.: "FAIR data management – not as easy as it seems"		Lars Hemkens, Prof. Dr.: "Research as Standard of Care: Novel Designs in Health Research"
17:00-18:00	Ka Hin Tai: "Association between RCTs' declared intent to share data and their inclusion in published IPD-Mas", & Tobechi Obinwanne: "FAIRification on Trial? A Provenance and Reproducible Metadata Build Pipeline for Clinical Research"; PhD students SHARE-CTD	Giulia Varvara: "Research reproducibility in oncological trials" & Muhammad Riedha: "Perspectives of Stakeholders on Clinical Trial Data Sharing: A Scoping Review"; PhD students SHARE-CTD (09:00-10:00 am)	Grigorios Papapostolou, PhD student SHARE-CTD: "Data Privacy Guidelines for IPD Sharing"	Ryan McChrystal, PhD student UK: "Attrition in randomised controlled trials: Patterns, determinants, and risk prediction using aggregate-level and participant-level trial data"	Han Chang Chiam, PhD student SHARE-CTD: "Selection bias in hybrid RCTs using external controls"
